

# Banner Urgent Cares offering longer hours, certain medications onsite

Open until midnight to make care more convenient to customers

PHOENIX (Oct. 30, 2019) - Just in time for flu season, Banner Urgent Care will be extending hours for three of its clinics in the metro Phoenix area to provide the most convenient customer care possible.

*“ We know that getting the flu doesn't always happen during office hours ”*

These clinics will be open until midnight every day:

- 15521 W. Bell Road, Surprise (effective Nov. 1)
- 6323 S. Rural Road Suite 107, Tempe (effective Nov. 15)
- 35945 N. Gary Road, San Tan Valley (effective Dec. 1)

They join two other Banner Urgent Care that have had midnight hours since May:

- 1157 S. Crismon Road Suite 101, Mesa
- 7952 N. 43rd Ave., Glendale

“We are always focused on customer needs and we believe by extending our hours at these sites, we will be enhancing our commitment to providing the right care at the right time,” said Robert Rohatsch, MD, CEO of Banner Urgent Care.

“We're also entering cold and flu season, so we believe these extra hours will be especially helpful. We know that getting the flu doesn't always happen during office hours.”

Banner Urgent Care is also piloting a program in which certain prescription medications are available onsite. Customers can get their medications at the urgent care without having to go to a pharmacy and not have to worry about placing an order at their pharmacy and medication delivery.

Medications available at Banner Urgent Cares include certain antibiotics and asthma medicines

## About Banner Urgent Care

Banner Urgent Care provides a close, convenient and affordable treatment option for patients with non-life-threatening illnesses and injuries such as cold and flu; ear, eye and throat infections; fevers; skin rashes; and sprains, strains and lacerations. Banner Urgent Care is open every day of the year and accepts most insurance plans.
